

Sample Viewing Schedule for 6 Languages

The following schedule focuses mostly on the videos and illustrates three viewings of Your Baby Can Learn! per day.

This schedule was designed for someone who wants to introduce a native-English-speaking child to five non-native languages in approximately equal amounts. Your goals may vary, so please feel free to adjust this schedule accordingly. While this schedule uses American English, French, Chinese, Spanish, German, and Japanese, you may also substitute other Your Baby Can Learn! languages.

We recommend you print this schedule for your reference and cross off days as they occur.

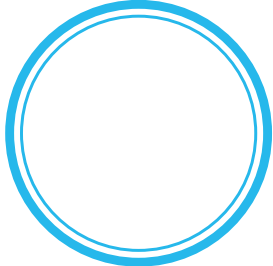

Remember, the American English Special Edition Volume 1 DVD contains three versions of the video: Classic, Newer, and Sentences (previously called Update). Volume 2–5 DVDs include Classic and Newer. Vietnamese Special Edition DVDs include Classic and Newer versions.

All other languages include only the Newer version of each volume.

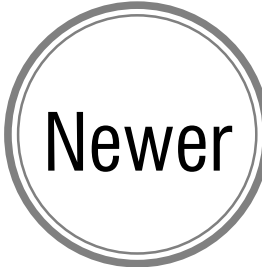

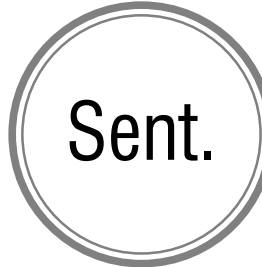

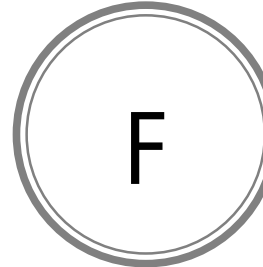

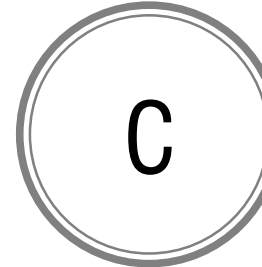

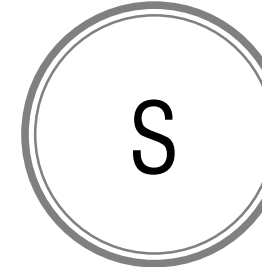

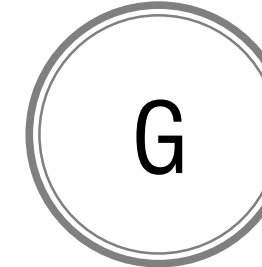

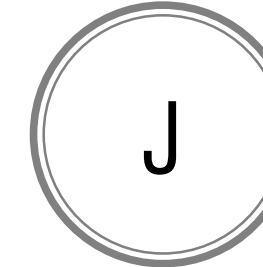

Please use the books and word cards for short periods of time several times a day. You may want to use the book and word cards that go along with the languages and volumes of the videos you're showing that day.

This schedule was designed for native English speakers. If you mostly speak another language on these schedules around your child instead of English, please switch that language with English. For instance if you mostly speak Spanish with your child, then use the Spanish video of the corresponding volume wherever the schedule says Classic, Newer, or Sentences, and use one of the English videos wherever it says Spanish. If you are using the British English version, please use the corresponding volume whenever it says Classic, Newer, or Sentences.
